

JOINT PURCHASING NEWS

October, 2008

Rock Salt

Many of you may have read or heard of media coverage regarding rock salt availability for the upcoming winter season. Without doubt this has been an unprecedented season, yielding issues in availability of supply and higher than historic pricing. CMS has been able to secure commitments for a desired quantity of salt for all Illinois local governments participating in the State salt procurement.

There still may be salt available. CMS has provided information to a number of non-participating communities, and will happily provide you contact information for salt vendors that have indicated they may have salt available. You would make these purchases directly and independent of the State contract. Please contact this office if you wish to receive the list of salt vendors.

We are happy to help and support you.

Recently Awarded / Renewed Joint Purchasing Contracts
